

## How To Tell If She Likes Me - 15 Ways To Tell If She Likes Me Part 1

When a girl says yes, it mean yes, no or maybe. When a girl says no, it mean yes, no or maybe. When a girl says maybe, it mean yes, no or maybe. Puzzled? With so many permutation and combination, how can we determine if she likes you? Let's explore the first 5 possible signs that she likes you.

- 1) Amused by Your Bad Habit You pick your nose in front of her. You drool when you are sleeping. You like to shake your legs. Other girls find you disgusting but not her. In fact, she may smile at you, as though she is saying, "You are so cute! I love it!"
- 2) Creates Opportunity for You to Meet Her Sometimes, a girl may be too shy to ask you out, or she may want to test you. What can she do? Well, she will find ways to create opportunity for you to meet her. For example, if both of you are college students, she may hint you that she often study in the school library. She expects you to look for her there. Don't disappoint her!
- 3) Explains Why She Says No You tried to ask her out for a date and she says "No". Hey guys, don't feel rejected yet. Let's analyze what she says. "I am sorry but I have another appointment. Shall we meet on another day?" Most likely, she is telling the truth. The fact that she bothers to give you a reason shows that she is willing to give you a chance. Further more, she suggested meeting on another day, which means you can ask her out again. (If she did not give you any reason, that's bad) It will be even better if she specify when to meet up. For example, she may say, "Let's meet next week." or even more specific, "How about tomorrow?" If she keeps on rejecting you, perhaps, it may be time to move on. Of course, if you still think you have a chance, then persist on. Use your own judgment here.
- 4) She laughs at your jokes She laughs at your jokes even if they are not funny. Well, think about it. There are times when you laugh at something, even though you don't really find it funny, right? Laughter occurs when you are with someone you like.
- 5) She keeps on smiling Why a girl would keeps on smiling? Obviously she is very happy to be with you. If she doesn't seem happy, look out for other cues. If she keeps on looking at her watch, or keeps looking away when talking with you, it may be a signal, "Don't Disturb Me!". Never assume though. "My last date with her was rather enjoyable. Why is she so unhappy today?" Ask her. Her unhappiness may be due to other reasons. Show her care and concern and try to cheer her up. Who knows? You may win her heart.
