

## What Are Plantable Wedding Favors?

Every couple that's going to marry has a lot of things on their mind to take care of. One of these many things is the wedding favors. These are the gifts which the wedded couple hand to the guests who come for their wedding. This tradition which was once a treat has become the standards for a wedding. Because of this people have started to show off their money and started using this tradition as a way to show off. However, these wedding favors are tokens of appreciation of the gesture for the guests who have come for the wedding. This practice was started by the Europeans, but now it has spread all across the world even in Asia. But the beautiful tradition of presenting wedding gifts to the guests is now most popular in the west that is in Canada and the United States of America. It's a way of saying thanks and it comes in different ways. There are different kinds of wedding gifts such as customized wedding favors and a lot more. On the other hand, the new thing which is in fashion now is plantable wedding favors. One of them is the plantable tree wedding favor. This kind of wedding favor is made especially for Christmas and winter weddings. The plantable wedding favor is a kind of a seeded favor and is beautifully embellished with white spruce seeds. The best feature of the plantable tree wedding favor is that you can hide wedding cards and other small wedding gifts in the tree. The other type of plantable wedding favor is the plantable wedding cake favor. These kind of wedding favors are actually designed and decorated for bridal showers and wedding celebrations. The plantable wedding cake favor given to your honored guests is a blooming and sweet wedding favor which is perfect for the special event. This special gift is carefully embedded with botanical and shiny paperwork and gives an exclusive mix of annual as well as perennial seeds of different wildflowers. And the best part is that it even grows when it is planted. Another kind of such plantable wedding favor is the plantable flat card favor. Now you can celebrate this beautiful occasion with a plantable flat card which at the same time is garden friendly. The card is embedded with premium quality wildflower seeds. You just need to plant it and the flowers will grow right from the paper.
